Welcome to The Peoria Sports Complex

Aerial view of the Peoria Sports Complex

Complex Vision: The Sports Complex is the entertainment and economic catalyst for the City of Peoria and the West Valley as a whole.

Mission: To establish relationships that provide opportunities to attract, facilitate, and implement year-round usage activities. This is accomplished by exercising professionalism while providing the highest quality facilities and operations.

The Peoria Sports Complex was the first Major League Baseball spring training and player development facility in the country that is shared by two teams. Built in 1994, the San Diego Padres and Seattle Mariners, through 20 year leases, utilize the Peoria Sports Complex all year round for Spring Training and player development.

The Peoria Sports Complex

Home of Champions

The Peoria Sports Complex, comprised of the stadium and twelve practice fields, is available for rent. The unique setup is ideal for adult, college, high school and youth baseball tournaments and championships. The Sports Complex is also available for special events such as concerts, art shows, exhibits, trade shows, weddings and receptions. The facilities can accommodate your private party and/or business meeting as well.

Current development in the area surrounding the Peoria Sports Complex includes five new hotels, a variety of restaurants, an office complex, two sheet ice rink and an 18 screen movie theatre complex. Keep the Complex in mind when planning your events, from small gatherings to large corporate affairs.

Peoria Sports Complex Statistics

For availability, fees and other information, call Nathan Torres at (623) 412-4211.

compassion**

Annual Report

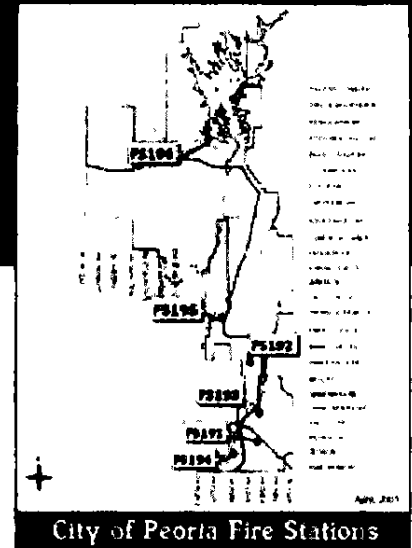

the fire department's response to the community's needs. The Fire Department's response to the community's needs is a continuous process that involves the fire department's response to the community's needs.

The Fire Administration Division provides leadership, long-range planning, budget development, financial management, personnel, payroll and contract administration, interdepartmental coordination, grants and project management, and general customer service, in order to ensure the efficient daily operations of the Fire Department.

The Fire Community Services Division provides inspection services, plan review, issuance of permits, fire code enforcement, fire cause investigations, internal safety investigations, citizen safety awareness programs, public fire education, public information services, and fire department community relations events.

The Fire Support Services Division is responsible for computer aided dispatch coordination and database maintenance, capital construction, facility and equipment maintenance and repair, including fleet, EMS administration including supply acquisition, training and certification, ambulance transportation coordination, delivering continuing education in fire suppression and rescue, and supervisory and managerial development, and personnel training.

The Fire Operations Division provides fire protection, emergency medical services. The Operations Division currently staffs five pumper trucks with paramedic capabilities and one ladder truck with fire support and technical rescue capabilities (i.e. swift water, trench, confined space and high angle rescue).
